"I've Lost Ten Pounds"

A man says, "Look at this!" And he over-laps his coat to show how loose it is. There are some people who can lose fat to advantage, but the loss of flesh is one of the accepted evidences of failing health. As flesh-making processes begin in the stomach, so naturally when there is a loss of flesh we look first to the stomach for the cause. And the cause is generally found to be disease of the stomach and digestive tracts, resulting in loss of nutrition and consequent physical weakness.

Doctor Pierce's Golden Medical Discovery restores the lost flesh by curing diseases of the stomach and other organs of digestion and nutrition and enabling the system to assimilate food from the stomach and bowels and build up flesh and strength are made.

"My wife was for five years troubled with indigestion of stomach and bowels, bloating and severe pain at times during the entire five years," writes Dr. J. H. Williams, of MacConville, Pa. "Her health was affected, and she took a purgative every day, but it only relieved her temporarily. She got very poor in flesh and sought one bottle of Dr. Pierce's Golden Medical Discovery from our druggist and after taking it she felt like a new woman. She no more troubles with stomach and bowels and is now as plump as ever. She gained ten pounds in weight."

Dr. Pierce's Pleasant Pellets cure constipation and biliousness.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only treatable, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time the delicate but vital organ becomes diseased.

Mr. D. K. Smith of Nevada, O., says: "I had stomach trouble and one day I took Kodol Dyspepsia Cure for about four months and it cured me."

Kodol Dyspepsia Cure restores the stomach of all nervous strain and the heart of all pressure. Bottles only, \$1.00. Size holding 2 1/2 times the trial size, which sells for 25 cents.

Cumberland Telephone

There's nothing the matter with my business. I have the Cumberland Telephone in my residence and place of business. My business has increased, and my wife's voice is never heard to grumble about the Telephone. Yours for good service and gentlemanly competition.

G. P. NOWLIN, Man'r.

ROUGH RIVER TELEPHONE COMPANY

Talk being cheap and necessary, you should patronize home folks, where you can buy your own "phones" and build your own "wires" and be talking distance with the whole country and business points generally by only paying a reasonable rent to the Rough River Telephone Company or they will be at the whole expense if you say so. We connect with all Independent Companies. For particulars, call on S. T. Stevens, Manager, Hartford, Ky.

THE DORR'S BLACK-DRAUGHT FOR CONSTIPATION

Constipation is nothing more than a clogging of the bowels and nothing less than vital stagnation or death if not relieved. If every constipated sufferer could realize that he is allowing poisonous filth to remain in his system, he would soon get relief. Constipation invites all kind of contagion. Headaches, biliousness, colds and many other ailments disappear when constipation is relieved. Theodor's Black-Draught thoroughly cleans out the bowels in an easy and natural manner without the purging of calomel or other violent cathartics.

Be sure that you get the original Theodor's Black-Draught, made by The Chattanooga Medicine Co. Sold by all druggists in 50 cent and \$1.00 packages.

Morgan, Ark., May 25, 1901. I cannot recommend Theodor's Black-Draught too highly. I used it for the first time and have used it for the last ten years. I have given my children many other laxatives. I think I could never be able to want a better one on account of being troubled with constipation. Your medicine is what I think keeps me well.

BECKHAM

Tries to Usurp President's Pardon Power. Endeavors to Restore Citizenship to Man Convicted in Federal Court.

No Record of the Case in Pardon Files, on the Executive Journal nor on the Pardon Index.

The mysterious Pardon Record of Gov. Beckham at Frankfort contains surprises even to the oldest and most sophisticated political inhabitant. No Governor of Kentucky ever issued so many pardons that shocked the public sense of propriety or held the prerogative so lightly at the beck and call of political favoritism. To be certified a "good Democrat" has been almost sufficient in every case to get a pardon for crime, however atrocious. This is shown in the pardons of Fugate and Hudson, Goodie Combs, Joe Raleigh and others.

How many outrageous pardons have been issued will not be known until Gov. Beckham is in retirement. The hollies who have protected the record from investigation at the Governor's nod have succeeded in concealing many. Other pardons have been left off the index—so as to discourage investigation and render it difficult. These have mostly been pardons issued on account of the Hargis-Callahan-Redwine interest in Breathitt county and vicinity.

THREE MORE PARDONS UNEARTHED. One pardon was unearthed last week, of which no record has been found at Frankfort. There are good reasons to believe there are two more to exactly like it for other persons. This pardon is in some respects the most surprising in all the Beckham list of crazy-quilt clemencies. It was issued to Reuben Ambury for penalties which he never incurred, which were never imposed, and which are not even set forth in the pardon.

What is still more surprising is that in the issuance of the pardon Gov. Beckham has usurped the prerogatives of the President of the United States and has sought to restore the rights of citizenship to a Democratic poll worker in violation of the Federal law. The pardon was produced at the polls for that purpose, but was overruled.

The story of the pardon as it comes from Knott county is very curious. It is as follows:

In the United States District Court in Covington, Ky., at the December term, 1898, three men, one of whom was Reuben Ambury, were convicted of perjury and sentenced to the Indiana prison, one of them for one year and the other two to eighteen months each. They served their terms and were released. They returned to their homes in Knott county, Kentucky. Under the law their conviction deprived them of the right to vote at Federal elections unless restored to their privileges by the act of the President. It would not, however, deprive them of the right to vote at State elections.

All three were released in time to vote at the State election in 1900. Whether they voted at that election in Knott county is not clear, but they had a right to do so. In order that all doubt might be removed each is said to be in possession of a pardon, signed by Gov. Beckham, restoring him to all the rights of citizenship. One of these pardons is now in the possession of The Herald. It bears the seal of the State, is countersigned by C. B. Hill, Secretary of State, and issued to Reuben Ambury.

The pardon is dated November 2, 1900. Four days later, on November 6, 1900, the election was held at which Gov. Beckham was a candidate for election. It was also a Presidential election, in which the men could not lawfully vote.

TRYING TO VOTE ON THE PARDONS. Information from Knott county is that at the November election, 1902, for Congressmen, in Precinct No. 2, the three men presented themselves to vote. Their votes were challenged, whereupon they produced the pardons issued by Gov. Beckham, under which they claimed to have been restored to all their privileges. The election officers, knowing that the applicants had been convicted in the Federal court, refused to recognize the pardons and the voters were rejected.

The Beckham pardon recites solemnly that Reuben Ambury was convicted in the Knott Circuit Court of a crime not specified, nor the date of conviction, and that he was con-

vinced in the State penitentiary, where he had served out his term. He adds that for the purpose of restoring to him his rights as a citizen he is granted "a full and free pardon."

Responsible citizens of Hindman, the county seat of Knott county, state that Reuben Ambury was never convicted of any crime in the Circuit Court there, and was never tried there, or in any other State court for any crime.

NO RECORD OF THIS PARDON. The most astonishing part of the whole business as an official transaction is that no record of the pardon can be found in the pardon index or in the Executive Journal of the Governor on the date when it is dated.

On this account persons who have looked for them had not been able to find any papers in the case. The pardon seems to have been issued without any certification of the crime, the date and place of conviction, for formal application, or any of the other formalities that precede the issuance of pardons. And no record was made of it. It seems to have been issued as a sort of royal favor or caprice, just as if the Governor would not let the Constitution stand between friends.

Whether Gov. Beckham was imposed upon is not clear. If he issued the pardon without any actual knowledge of the facts it shows how carelessly he dispenses favors to his political supporters. If he was not imposed upon, it raises a grave question of his motives in attempting to usurp the powers of the President and pardoning Federal criminals over the President's head.—Louisville Herald.

A Great Sensation. There was a big sensation in Leesville, Ind., when W. H. Brown, of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma but your New Discovery gave me immediate relief and soon thereafter effected a complete cure. Similar cases of Consumption, Pneumonia, Broussitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and \$1.00. Guaranteed by Z. Wayne Griffin & Bros."

Dieting Invites Diseases. To cure Dyspepsia or indigestion it is no longer necessary to live on milk and toast. Starvation produces such weakness that the whole system becomes an easy prey to disease. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that one cares to eat, and is a never failing cure for indigestion, Dyspepsia and all stomach troubles. Kodol digests what you eat—makes the stomach sweet. Sold by Z. Wayne Griffin & Bros.

Democratic Opinion. The Chattanooga Times, Democratic in politics, voices the sentiments of fair-minded, conservative Democrats in and out of Kentucky in the following recent editorial utterances sizing up the situation in this State:

"Gen. Buckner has challenged the coarse and vituperative abuse of Democrats of the Goebel brand in Kentucky by his powerful arraignment of the degeneracy of Democratic leadership in that State, but, he, at the same time, wins and holds the esteem of patriotic American citizens who hold country above mere partisan politics and who believes in honesty and fairness in elections. The campaign in Kentucky is for principle against the most arrogant gang of pestiferous machine manipulators that ever threatened the peace, dignity and good order of a people. It is a contest, not between political parties but between the forces of decency, law and order and the myriads of a rapacious, thoroughly corrupt and totally discredited factional machine."

Do You Want to Yawn? Feel cold shiverings, aching in the bones, lack of energy, headache, and great depression? These symptoms may be followed by violent headache, high fever, extreme nervousness, a condition before the disease gets a hold, through it will work a cure in any stage. J. A. Hopkins, Manchester, Kan., writes: "I have used your great medicine, Herbine for several years. BAD FINANCIAL SHAPE

Beckham's Bad Management of Kentucky Affairs.

Equals His Bad Pardon Record.

Mismanagement of Finances of State by Beckham is Paralleled by His Disgusting Political Pardon Record.

Incapacity and Extravagance of Beckham Machine Plainly Shown by the Figures.

(From the Louisville Herald.) Governor Beckham's pardon record is paralleled by his financial achievements. At Bowling Green the governor expressed indignation that the Republicans should claim credit for the successful financial showing of the Bradley administration, which left office with more than a million in the treasury. Mr. Beckham said:

"That statement would lead you to believe that Mr. Bradley actually delivered this much money to the Democrats. The truth is, this money was left to W. S. Taylor and his crowd. During their rule of something like two months they spent most of this money, and instead of turning over \$1,100,000, as Mr. Beckham believed, they left us \$363,000. I say turned over to us, but I don't mean that. They ran away and left us with that much. I do not know how they happened to leave us with that sum, but they got some of it with our help, and we were so glad that we did not have time to think of how much money they were taking."

Governor Bradley found on taking office a floating debt of \$1,800,000 left him by previous Democratic administration. Similar cases of Consumption, Pneumonia, Broussitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and \$1.00. Guaranteed by Z. Wayne Griffin & Bros.

There has been in three years of exclusively Beckhamian rule, from July 1, 1900, to June 30, 1903, an increase in the floating debt of the State of over three years of the Bradley administration, from July 1, 1899, to June 30, 1899, of \$1,116,978.51. There was, on the other hand, an excess of ordinary receipts under Governor Bradley of \$373,261.08. Taking out the \$1,388,939.59 of the Bradley receipts, the net result of the Beckham administration from the United States for interest on the war claims, \$71,000 of which went into the pockets of Captain Calhoun, the ordinary receipts of three years of the Bradley administration were \$13,487,906.43; the ordinary receipts of the Beckham administration were \$13,487,906.43. The net result of the Beckham administration was a deficit of \$1,388,939.59.

The financial record of the Beckham administration is one of incompetency and recklessness. It shows in every department a disregard for the public interest, but on the other hand, in every detail betrays a determined and unbroken fidelity to every machine interest and purpose. The Beckham administration is bound, hand and foot, to the gang of grafters and rascals, who hold the right of the pocket, and on their backs the state is plain. Shall the people of Kentucky entrust their finances to a gang bent only on self-aggrandizement, or install at Frankfort a thoroughly competent and business-like administration? We feel free to admit that the Democratic party has within its ranks ample material for the furnishing of an able and competent state administration. But the Democratic party has not been permitted to select its candidates. The machine has forced its slate of incompetents, weaklings and grafters on the state, and the state finances are to be made, unless the people resist, the prey for four years more of rapacious looters. Kentucky will prevent the perpetuation of the reign of graft and looting.

THEIR ONLY "ARGUMENT."

(From the Paducah Sun.) The Democrats of Kentucky have now resorted to personal abuse. The only criticism that has been made by Republicans of Democratic officials was as officials, and no attack has been made on their private character. Yet, doubtless, for want of better argument, the Democrats have begun to assail the private character of every man who makes a speech for the Republican cause, from Colonel Belknap to some of the speakers who are not candidates. Abuse never helped any cause. If the Democrats have no better grounds for wanting to be elected to office than these they are indeed short of campaign material.

The Commonwealth may turn up short a star witness in its next trial of the alleged Goebel conspirators. W. H. Cuto is charged with forging witness claims in the last Powers trial to the tune of about \$1,000. The attempted fraud was discovered by the state auditor in time to save

the state but not to save the attorney for whom Cuto bought up the claims, and who paid Cuto what they called for on their face after being raised. Cuto can now go to join Strolling Barber Weaver and other touring witnesses against the alleged conspirators. It is on this kind of men the Democrats depend for their evidence in the Goebel cases.—Paducah Sun.

Beckham Nails One Charge. As the campaign proceeds, Governor Beckham will have to stop hurling his contempt at the critics of his administration, and answer directly some of the most serious charges that can be brought against a public administrator.

One of the charges is that a fee was paid Captain Calhoun for collection of a war claim which the law says shall be collected by the Adjutant General, under direction of the Governor. That this fee was increased by special legislation in direct conflict with the constitution, from \$3,000 to \$71,000.

That the work done would have been fully paid for under the original contract for \$3,000.

That under Governor Brown a similar claim for half this amount was collected without any expense to the State.

These are simple propositions, dealing with a business matter, and if they can be answered Governor Beckham is the man to do it. When this transaction was first made public by Mr. Hendrick in his attempt to prevent the nomination of Governor Beckham, Mr. Hendrick was informed that the Governor had a perfect contempt for him, because he was a better, and therefore had no right to call him to account.

Since his campaign opened Governor Beckham has been busy thanking the Republican party for the honor it did him in censuring his public acts. There is the response we are all familiar with in debating societies, but manifest that it would not be accepted by the people, and so at New Castle Governor Beckham makes a more elaborate reply. That we may not be accused of doing Governor Beckham an injustice, we take from the Courier Journal his verbatim response which was as follows:

They complain of the fee paid Capt. Calhoun, when it cost the State of Kentucky far more for the Republican party to kill William Goebel than it has cost for us to collect nearly \$1,500,000 for the State and our soldiers. It was a far greater burden upon the State Treasurer to maintain Taylor's lawless bands of soldiers and desperadoes in their efforts to disperse the General Assembly of the State, to suspend the writ of habeas corpus and to protect assassins than it has to collect enough money of neglected claims to pay off the State debt.

They spent more upon their murderous gang of peaceful petitioners, than has been spent out of the reward fund in the prosecution of Goebel's assassins. Against their record of crime and lawlessness, of murder and assassination, of reckless waste of the State revenue, we place our record of peace and prosperity, of our State relieved of debt and in the best financial condition of any State in the Union. Against the falsehood of these hired slanderers we place the record of indisputable and unassailable facts.

We hope every voter in Kentucky will read this reply to the illegality read against the Governor, because of the Calhoun fee. It is the only response evidently that can be made. It is confession, and an avoidance. It is based on the assumption that because Senator Goebel was killed presumably by a Republican, therefore a Democratic Government can make any contract he pleases, the law and the constitution to the contrary, notwithstanding.

The people are invited to compare the charges, we do not say the accusations, concerning this graft of \$71,000, with the response made by the Governor, and then decide whether it is not time to put in the Governor's office at Frankfort a man who has had some business training and who has studied logic and mathematics either at Yale or some where else—Louisville Post.

A Kind Action. When you rise in the morning form a resolution to make the day a happy one to a fellow creature, says Sydney Smith. It is easily done—a left off garment to the men who needs it, a kind word to a sorrowful, an encouraging expression to the striving. Trifles to the masses, as light as air will do it, at least for twenty-four hours, and if you are young depend upon it, it will tell when you are old it will send you generally and happily down the stream of time to eternity. But the most simple arithmetic sum look at the result—You send one person, only one, happily through the day; that is 365 during the course of

the year. And suppose you live only forty years after you commence that kind of medicine; you have made 14,600 beings happy, at all events for a time. Now is not this simple? It is too short for a sermon, to honestly far ethics, too easily accomplished for you to say, "I would if I could."

PE-RU-NA CURES CATARRH OF KIDNEYS EVERY TIME.

DANGEROUS KIDNEY DISEASES CURED

Pe-Ru-Na Creating a National Sensation in the Cure of Chronic Afflictions of the Kidneys.

Major T. H. Mars, of the First Wisconsin Cavalry regiment, writes from 1425 Dunning street, Chicago, Ill., the following letter:

"For years I suffered with catarrh of the kidneys contracted in the army. Medicine did not help me any until a friend advised me to try it. I bought some at once, and soon found blessed relief. I kept taking it four months, and am now well and strong and feel better than I have done for the past twenty years, thanks to Pe-Ru-Na."

Mr. John Vance, of Hartford City, Ind., says: "My kidney trouble is much better. I have improved so much that everybody wants to know what medicine I am using. I recommend Pe-Ru-Na to everybody and some have commenced to use it. The folks all say that if Dr. Hartman's medicine cures me it must be great."—John Vance.

Mr. J. Brake, of Petrolia, Ontario, Canada, writes: "Four years ago I had a severe attack of Bright's disease, which brought me so low the doctor said nothing more could be done for me. I began to take Pe-Ru-Na and in three months I was a well man, and have continued so ever since."—J. Brake.

At the appearance of the first symptom of kidney trouble, Pe-Ru-Na should be taken. This remedy strikes at once the very root of the disease. That once relieved the catarrh of the kidneys, the escape of serum from the blood, Pe-Ru-Na stimulates the kidneys to excrete from the blood the accumulating poisons, and thus prevents the convulsions which are sure to follow if the poisons are allowed to remain. It gives great vigor to the heart's action and digestive system, both of which are apt to fail rapidly in this disease.

Pe-Ru-Na cures catarrh of the kidneys simply because it cures catarrh wherever located.

If you do not derive prompt and satisfactory results from the use of Pe-Ru-Na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
